

2023

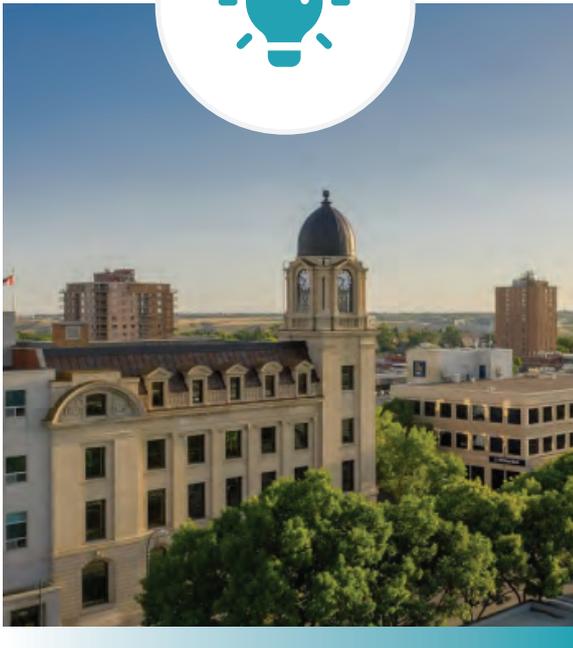

ALBERTA IOT
FAST TRACK

Program Brochure

Introduction

Welcome to Alberta IoT's Fast-Track Program, tailored specifically for Alberta-based IoT and emerging tech companies looking to scale their business to the next level. Our comprehensive virtual accelerator program is designed to equip scale-up companies with the knowledge and resources needed to grow to new heights.

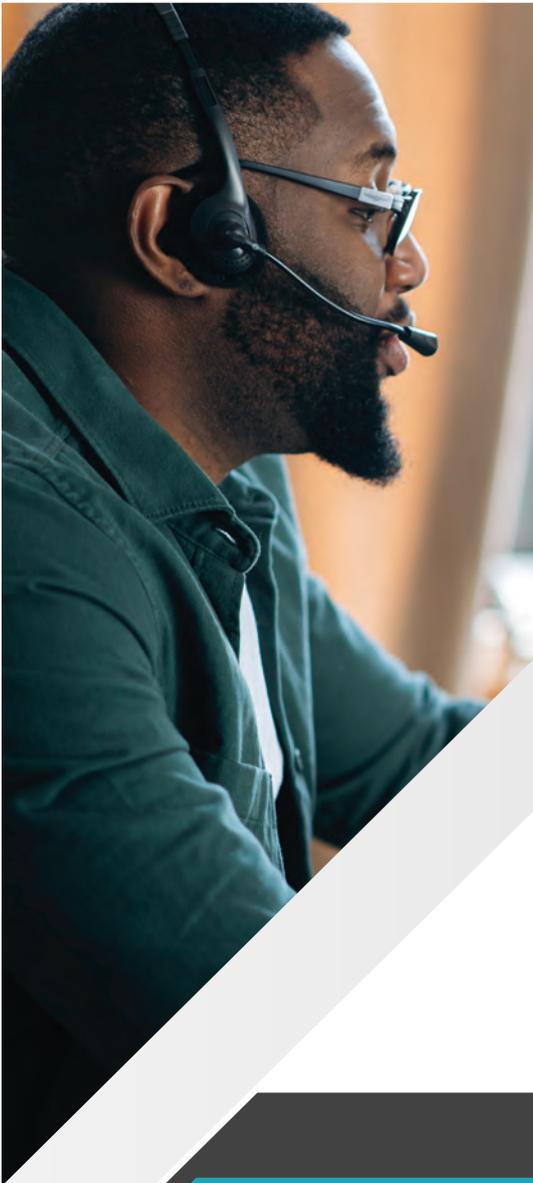

Why Choose Us!

Through a series of carefully curated sessions, our expert facilitators will guide participants through critical areas that are essential for company growth.

From sales strategy and funding to marketing strategy, business models, HR strategy, international markets, and legal considerations, our program covers all the key aspects that are crucial for scaling up your IoT or emerging tech venture.

Program Overview

10 WEEK VIRTUAL PROGRAM

Whether you're based in Northern Alberta or Lethbridge, our program enables participants to access resources, and networking opportunities from anywhere in the province.

INDUSTRY AGNOSTIC

Our industry-agnostic accelerator program creates an ecosystem that cultivates innovation, networking, collaboration, for scale-up businesses across multiple sectors.

MENTORSHIP

As a fast track participant, you receive 20 hours of 1:1 mentorship with our facilitators and program mentors.

SCALE-UP FOCUSED

To ensure the content is relevant to your business, our Fast Track program is designed for scale-up IoT and emerging tech organizations with 2 or more years in business with proven revenue.

Program Fees

Early Bird Rate

\$500 + GST

Register before August 1, 2023 to save \$250 with our Early Bird rate.

Our Fast Track accelerator program is designed to deliver maximum business value and return on investment.

- 10-week Live Business Program (virtual)
- 1 Year of Alberta IoT Membership
- 20 Hours of 1:1 Coaching Sessions
- First access and discounts to Alberta IoT workshops
